

TO  
CONQUISTADOR

Susan Cuenin

Hello Susan Cuenin  
yes it's me. Well,  
we made it through  
another year, and wasn't  
it fun, oh ho ho. I'll  
undoubtedly be seeing you  
next year and this sum-  
mer and so on - well, what  
can I say, I really can't figure  
it out as I sit here on the  
gym floor. I'm remembering  
all your sheep and you getting  
out of school for the fair. Well  
anyway I'm at a loss - we  
had fun, and will have some  
more fun, too. just wait!  
Love, Janet  
(Card with)

Ausie,  
only saw you a  
couple times this year  
and I'm really sorry that  
I didn't see you a lot more.  
It's been a hectic year but it's  
over and done with. Good luck in  
all your future endeavors and have  
fun this summer  
Love you,  
Barry

Susan -  
Another year  
has come and gone - thank  
you for the writing -  
goodness. Keep up the  
consolation. I'm a fan (if that's any  
the future in all you do. After so  
many years, I just can't find words  
to express the friendship. All the Best, Sue,  
being a part of. *fantastic!*  
To

Sue,  
Well, we made it. I'm  
totally run down, but kind of  
glad that it's over. I really miss  
your pies; that first one was  
Keep winning in 4-H. You raise a good  
goat! *Scandy*

W. J. Carter

Sue,  
It's been fun sitting  
next to you in out and  
having about your sheep  
and Sadie. Good luck always.  
See you next year maybe.  
Diane Boice

Suzie,  
Here, well here we go. We're  
off and running and out of our  
glorious high school. It has been  
a very fun 3 yrs. and I regret  
leaving, in many ways. Although not  
enough to want to come back! No, just  
kidding. Reelin' Suzie, have fun this  
summer and especially next year.  
If you go to J.C. we'll see you there.  
Page 1  
Scott.

I miss you & your  
parents very much. I  
would like to have seen  
you more. I remember the  
beach party we had last  
summer. Though, that was really  
tough. Have fun this summer and  
wishes next year.

Susan, we've a word  
It has experience know  
ful of those past years  
and we hope in the future  
we can also see black

I must say  
that your taste in  
gifts for teachers is a  
bit unusual. However, I  
compare the teacher with  
the gift, & think I see the  
unusual but obvious comparison.  
I'm referring to our "backbone"  
guides story. I hope I didn't give  
you too many pains in G.U.  
THE FIRE was a pretty good story.  
yours. That is. The other one  
wasn't.

## bulldogs

It began with nine months  
stretched out before us  
like a promise  
of good  
or bad.  
It ended  
as what we made it.  
The year of the Bulldog.  
Spirit came thru shouts  
and colored banners,  
learning, from the heavy  
books and teachers

lighter words.  
The year was people,  
hurrying thru cluttered  
halls to express themselves.  
The year was the things  
the people made  
from their expressions.  
But, whatever we made it,  
**THE YEAR OF THE

# Choraleers created Christmas

A family scene with a Christmas tree and Santa Claus was the basic feature around which the choir presented their Christmas program. In "Twas the Night Before Christmas" Buena students were the stars. The father was played by Gary Simmons, the mother — Steve Morris, Santa Claus— Ervin Hain, Pianist— Dana Wright. Vocal soloists in this choir presentation were by Paul Bornand, Bonnie Wire, Julie Trittle, Becky Hersey, and Jana Kellner. Other musical numbers were Destene Hammond and Anna O'Donnell, and a boy's trio with Bruce Darrough, Paul Samples, and Ron Anderson.

CRAIG SCHUDDA CONCENTRATES ON MAKING HIS WINDOW PAINTING A WORK OF PERFECTION (far right).

A floral design of Madonna and child, created and painted by art students Cindy Brimhall and Carol Anderson, captured the first place award for the Poinsettia Festival's downtown window painting project.

The winners' first place award of \$25 was presented in a ceremony at Plaza Park.

Buena High swept all top honors. Also named winners were artists: Robin Horne and Susan O'Keefe, second; LeNeya Black, third; and honorable mention, Lisa Quam, Larry Bevins and Carl Tveit, Ellen Wilson and Nancy Spruiell. Second and third place winners received cash awards of \$15 and \$10.

The top Christmas scene was executed in a gentle

blend of many colors, was on the window of Ventura Florist.

More than 60 artists helped create the total.

Encouraging comments from shoppers seemed to temper the moments when an artist's exasperation flared up because of incorrect proportions or the wrong coloring. "I just don't like that color on," mourned one young artist. "The brown is just too dead; it should be blue, now I can see." One senior citizen standing nearby, soothingly retorted — "Oh, don't worry about it, deary. Nobody cares about the exact color. I just think its beautiful you'd even take the time to come paint. We have such nice cheery windows now." (Star-Free Press)

Steve Gillette

## Ashline's Assemblies

Steve Gillette got his start in the small folk music clubs around Southern California, and rapidly gained the respect of other musicians, club owners, and audiences.

Steve was formally introduced to eastern audiences in September of 1966 when he was invited to appear at the Philadelphia Folk Festival. In Broadside Magazine's review of that festival, Steve was described as "the surprise of the evening." Since then, Steve has been in demand in clubs and on college campuses all over the country.

Steve appeared, by invitation of the Canadian Government, at the Youth Pavilion at Expo '67 in Montreal. He has also been a favorite in the Disneyland summer concert series, the Mariposa Folk Festival in Toronto, and the Beers Family Festival in Fox Hollow, New York. A major creative talent, Steve has written the top selling hit song, "Back on the Street Again."

CALMLY COUCHED SANDI GHINELLI DISCUSSES TRIG WITH HIS AMERICAN FAMILY MR. AND MRS. FRED NAGELSCHMIDT AND RICH.

LOOKING OVER RECENT CORRESPONDENCE, BIRGITTA SHOWS CARD TO 'PARENTS' MR. AND MRS. PAUL LEAVENS WITH 'SISTER' TINA OVERSEEING OBSERVATIONS (above). TAK SHOWS DR. AND MRS. WARREN BROWN, AS WELL AS, AMERICAN BROTHER, DOUG BROWN, JAPAN (below).

New experiences, both educational and social, ended for Buena's five foreign exchange students. Two students, Alessandro Ghinelli, Italy, and Birgitta Glaas, Sweden were here through American Field Service. Two, Kurth Larsson, Sweden and Tak Yashida, Japan, were sponsored by Youth For Understanding.

A fifth, João Sousa de Mesquita, was here at the invitation of Mr. and Mrs. Wayne Harthorn. Harthorn met João's family last summer on a business trip to Brazil.

"I wanted to live the life of the United States," said Alessandro, or Sandy, as known to his American family, the Fred Nagelschmidts. School is different for Sandy. In Italy he attended a classical high school; class was held six days a week, and studied thirteen subjects.

High school students in Italy are more politically involved, according to Sandy. Assemblies are held once a week in which students meet and air grievances.

Sandy's favorite outside activity was sports. At the time, he was number two artistic gymnast in Italy. He was kicker for varsity football where he kicked soccer style.

Arezzo, where he lives, has a population of 80,000; the entire town is contained in an area of about one square kilometer. "Here you say — I don't have a car, so I can't go."

In my town, this isn't a problem. The stores, houses, are all together," commented Sandy. Transportation in Ventura also was different to Birgitta Glaas, of Sweden. She used to hitch-hike around her native town of Jarn. She was surprised at restrictions placed on hitchhikers. Birgitta found aspects of Ventura life different too.

Living in a city all her life, she enjoyed ranch-style living of her "parents", Mr. and Mrs. Paul Leavens. Schools in her area were structured similar to American Universities, with shorter classes, and more specialized studies.

After ninth grade, students had an opportunity to practice the career of their interest for a few weeks before high school. Birgitta feels this helpful in choosing careers. Students are politically active in Birgitta's area.

"Mine was a very socialistic school," she stated, "some students are even members of the NLF (National Liberation Front)." Outside interests for Birgitta included ballet, theatre, and riding. She took ballet in Ventura and hoped to become involved in little theatre.

From near the foot of Mt. Fujiyama came Tak Yashida, who hailed from Tokyo. He flew across the continent and returned from Detroit in one day. "Misinformation in San Francisco led him to the wrong meeting place," Tak related.

Senioritis was not his problem, as he enjoyed his stay with American parents, Dr. and Mrs. Warren G. Brown. Doug Brown was his foster brother.

"Though the school hours are the same all students wear uniforms and attend classes six days a week. They have athletic competition in soccer and baseball," Yashida compared. In Japan his father is a tailor; his family included his mother and sixteen year old sister.

He enjoyed Disneyland and San Francisco. Tak took a liking to sports and movies in the hobby field. The concluding feeling was that Japanese students are more interested in politics than are students here.

The fifth was João Sousa de Mesquita from Brazil. He attended school during the second semester. He lived with Mr. and Mrs. Wayne Harthorn and foster brothers Allen and Roy. He arrived at the invitation of the Harthorns.

João was from Rio de Janeiro where his family (mother, father, and two brothers) lived just two blocks from Copa-Cabana beach. He enjoyed surfing and made surf boards for sale. A traveler, he has seen Europe, Africa, and extensively visited South America.

João hoped to learn business administration so he may help his fellow countrymen. Another interest was photography. In Brazil Joao made one movie and helped produce two other films. At Christmas Joao and his foster brother, Allen, traveled to San Francisco by Highway 1.

Kurth Larsson himself was a new experience for Buena, since he was one of the first two students enrolled here under the Youth for Understanding program. This program was sponsored by the State Department.

Kurth, who stayed with the M. L. Blackwood family, enjoyed trips to Sacramento, San Francisco, and Redwoods in Northern California. Besides Swedish and English, Kurth spoke Norwegian, Danish, German, and some Russian.

This year, studying Spanish and on return to Sweden, he hoped to be an interpreter or teacher. Kurth's twin brother, Kenneth, was involved in the YFU program and attended high school in Burbank.

# America's friendly

Hi! Miss Mariann Billingsley relaxed on quad wall.

AFS — "walk together, talk together." These words became real for Buena students — as they gave themselves to welcome other people who made America their second home.

Candy bars, and suckers raised money for our two AFS students. Parties made them feel welcome in a different setting, and transportation committee got the students through their whirlwind of activities.

And through these people America was a better place to others. Memory making, they sent the students back with good feelings, toward people everywhere.

Ball, what ball?

## • New Teachers

MRS. SUSAN ANDREWS taught last at Snohomish, Washington. This is her fourth year. She received Julia Emanuel Fellowship from University of Michigan. She traveled and taught English in Guatemala, one summer, while her husband, Dan, did research on NIH grant. Some of her hobbies are sewing, cooking, tennis, ice skating, and making pottery.

MR. DONALD BUFFON is in his first year of teaching. He twice won the National Award for writing Radio Documentaries awarded by Sigma Delta Chi, and belongs to the National Men's Journalism Society. An unusual experience he had was interviewing two Playboy Playmates while in college. He likes to play tennis, sports car racing, and writing.

MISS BETTY CARDENAS taught as a student teacher at Fresno High School last year. She was on the Women's intercollegiate volleyball team for three years.

MRS. DIANE DOWLER was employed in San Francisco, and has been teaching 3 1/2 years. In college she was on the Dean's list for five semesters. She enjoys reading, tennis, listening to music, and volleyball.

MRS. EDNA LEE EDWARDS taught in Portland Oregon and has been teaching for five years. In Portland she worked with a group which provided tutoring for students who had dropped out of school.

MRS. BETH FRUCHEY last taught at Torrance High School. She has been teaching for six years and enjoys membership in Alpha Phi Sigma, Chi Beta Phi, Water Ballet Club. Her hobbies are swimming and camping.

MISS JUDITH HAUGEN traveled to Minnesota and Iowa, and attended Distributive Education Workshop over the Christmas vacation. First year from USC.

MRS. ANITA HOGENSON has been teaching for six months and last taught as a substitute in Santa Barbara. She majored in German and French and was an undergraduate that made the Dean's List each semester. Special interests include biking, dancing, and surfing.

MRS. DEBBIE KEEVER held a position at Chico Junior High School. She has been teaching for two years.

MR. REX KOCHER was student body president Westmont College; Captain, basketball team. Traveled in Europe last summer; coach undefeated junior football team (4-0). His hobbies were basketball; living the Christian life.

MRS. JUDY RAINS was an educator at West Campus — Berkeley High. Presently — on the Board for Ventura County Lawyers Wives, on the Board for Washington Elementary School PTA and Chairman of the pollution study group for the American Association of University for Women, Ventura County Branch. Her hobbies are camping — packing in the High Sierras, fishing, reads extensively and presently very involved in anti-pollution work — air, water, waste disposal, pesticides, overpopulation.

MR. THOMAS WATTS taught at Newhall California last term. He has been teaching for four years. Studied one year for Master of Science in Education degree under AYI grant at University of Utah.

### Rotating literature course

The American Heritage was taught to eleventh grade general English. The new course took three quarters of the school year. Remaining quarter was spent in study of general English. American Heritage program was divided into three nine-week units, each taught by different teachers, these were American Humanities, American English, and American Literature. Students changed classes and teachers each quarter. American Humanities was taught by Edmond Meitzner. This was the first time a course of this type had been offered at this level. The course dealt almost entirely with North and South American Culture. A great amount of emphasis was placed on art. Study of American architecture, folk art, sculpture, and music provided a basis for projects throughout the year. Trips to museums and local landmarks were conducted. American English class, taught by Robert Drew, used language approach. A new text book, "Language and Systems" was used. Literature segment of the program was handled by Mrs. Ruth Horner. American authors from Benjamin Franklin up to present-day authors were studied. Special attention was given to the works of Poe, Melville, Twain and Steinbeck. Classes studied poetry, short stories, plays, essays and novels.

## Auto Instruction

Mr. George Fraser, auto technology instructor, is proud of the fact that his 12th grade students are working on "live cars," automobiles that after servicing roll out of the school onto the road; guaranteed to perform well.

"Jerry and Tom, push the truck out and bring in the Mercury. "Pull off the drums," says the teacher who sounds like a job foreman directing an efficient crew.

Fraser was invited by Ford Motor Company to Dearborn, Mich., last summer. He studied the latest methods of the automotive industry and came back to Buena High with \$5,000 worth of teaching aids.

"They included manuals, hardware, films, and overlays of the latest designs along with a course of study that covers all aspects of practical training," he said.

The emphasis is on practicality, on knowing how to do what. "This doesn't preclude enough basic knowledge to enable students to switch from car to car or to absorb any innovation that might come along," he explained.

The first year of auto technology was taught by Mr. Tom Stoddard. The class, called beginning auto mechanics, works on all the units of the automobile separately.

Stoddard's shop is lined with work tables. Shining new Pontiac engines are assembled here. Even a disc brake is available.

In the second year, students graduate to live automobiles and learn to diagnose and correct troubles.

Under such signs on the walls as: "Prior planning prevents poor performance", and "Think Quality" boys in overalls handle tools with the assurance of real pros.

"They know that if they are good, they'll be snatched up by dealerships and garages where trained mechanics are sorely needed," said Fraser.

"This past year, for the first time, local Ford dealers will take the best students from my class for a work experience program. Their school schedule will be adjusted accordingly," he adds.

One of the boys grinding valves look up: "Even if I decide to become a master chef, I'll always enjoy working on my car."

# SPORTS

Football fans who stayed away from Larrabee Stadium to hand out candy to Halloween visitors, missed probably the greatest football win in Buena High history.

The Bulldogs handed Santa Barbara its second straight Channel League loss, 15-7. It was Buena's first win of the season and first-ever over the Dons.

Buena's defense simply overpowered the Dons. And that, believe it or not, is a statement which would hold up in any court of the land, as there were some 2,000 witnesses who saw 60 minutes of bruising defense by Buena.

In the crucial fourth quarter with Buena fighting to maintain its 15-7 lead, the Bulldog defenders broke through to dump Don quarterback Earl Pointer four times for losses totaling 32 yards.

The Los Angeles Rams may have the "Fearsome Foursome," but Buena had 11 "Bulldog Bruisers" who specialized in the destruction of the Don's backfield.

## EPIC VICTORY

Bob Henning, Dean Daniels, Bruce Jackson, Randy Partin, Jeff Easterly, Jerry Aguilar, Phil Carr, 140-pound Danny Martinez, Gary Frick, Bill Moody, Tyson Dillard, Augie Olgy, and their replacements, took turns dumping Don runners for losses 10 times for 84 yards.

Rick Lyons, John McElree and Greg Paul made the big plays in the defensive secondary. Paul made a key interception late in the fourth quarter to preserve the win.

Bulldog Coach Hank Ertman, having gone through an hour which strained his emotions to the limit, was on "Cloud Nine" after the game. "We played good football," he said, as he mingled with his happy heroes.

COACH ERTMAN TALKS OVER FUNDAMENTALS AT A PRACTICE SESSION (left). CAMARILLO CONFLICT SAW VARSITY DEFENSE OF JOHN McELREE 42, BOB HENNING 46, DAN MARTINEZ 28, RANDY PARTIN 81, LINING UP OVER BALL (below)

## Coach Ertman's Summary

Fall of 1969 found our football team beset with rumors and counter rumors concerning athletics in the city of Ventura. Fortunately we were able to field a team (sans a coach or two) full of confidence but with few if any experienced ball players. We were "green" and untried at virtually all key positions, but we felt that we could even our share of games.

We went to Santa Monica and lost (13-6) to a team that ended their season undefeated and champs of the Bay League.

Next we played Santa Paula and the score does not indicate the closeness of the game. They too ended up co-champs of the Frontier League.

In our first league game we finally moved the ball well against one of the better defenses in the league. We still lost, 14-7.

Our next two games were played on Saturday afternoons with the East Winds howling. Thousand Oaks and Camarillo were both too "hot" for us.

We finally broke our losing streak by tying Oxnard, 7-7.

By far our finest game was against a big and tough Santa Barbara team. We played up to our potential and won, 15-7. Needless to say this was a historical moment, for it was Buena's first football win over the Don's.

In the mud we lost to Hueneme, 26-6. Finally, in an error filled game (7 fumbles and innumerable other mistakes) we lost to Ventura.

Football, like life, has its high points and low points. The mark of a team is how they handle either extreme. We never lost our enthusiasm, our drive, or our desire to win; consequently, our season was successful from the standpoint of learning to live with adversity. We dealt with one problem after another but we never looked back, and we never quit!

Here graduates stand  
on the hearth of a new decade.  
What's going to be YOUR hand  
on how it's played?

I don't know what got into me

I don't know what got into me:  
I sprayed a fly with DDT.  
It fell, and there beside the road  
'Twas gobbled by a tiny toad.

A hognose snake came flowing by  
And ate the toad; then from the sky  
A hawk swooped down and snatched the  
snake,  
But dropped it, writhing, on the  
lake,  
Where, naturally, a pickerel lay  
To put the writhing snake away.

I caught the pickerel in the pond  
(A fish of which I'm very fond)  
And baked it, as I now recall,  
And ate it, DDT and all.

I don't know what got into me  
Except some more darn DDT.

Sue - These 3 years have been \_\_\_\_\_. What ever they were they shall remain in my memory always - I am very glad you are included in them. We've all changed so much - was it for the better? I think so. Times are strange, and people and place quickly fade from memory. I'm glad that you are special enough to me that you shall not fade. Love can always, Susan.

Oh Berry Q!  
mi amiga!  
what a fantastic  
year and great friends  
keeped make it so. we  
have done some crazy  
stuff. Thank for  
putting up with my  
crazy messes (like driving  
my cousin quip home late  
at night!)  
woman I become a  
millionaire in buying  
that silver lamp at  
granato castle for you  
and a small token (new  
biggs...)  
dinner has been  
most with all over  
divisions.  
Good luck forever  
and all come wait you  
on your nickel and dime  
hundreds of road  
comedy. until  
then I'll see you this  
summer and at V.C.  
next year, you deserve  
only the best life has to  
offer. much love and happiness
